

INDEPENDENT AUDITOR'S REPORT TO RHODES UNIVERSITY

We have audited the Statement of Income and Expenditure for the Public Service Accountability Monitor of Rhodes University for the period 1 January 2012 to 31 December 2015.

Management's responsibility for the statement of income and expenditure

Management of the University is responsible for the preparation and presentation of the statement of income and expenditure in accordance with the basis of accounting described in Annexure 1 and for such internal control as management determines is necessary to enable the preparation of the project statement that is free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on the statement of income and expenditure based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the project statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the project statement. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the project statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the project statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the project statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the statement of income and expenditure has been prepared, in all material respects, in accordance with the basis of accounting described in Annexure 1.
